						Hips	89 cm	35"

SPECIALITY BUSTFORM COLLECTIONS FOR TAILORING & DISPLAY

proportion>london understand that one size does not fit all. With this in mind, we have created a small collection of speciality bustforms that cater for the increasingly diverse range of fashion-based brands retailing today. Taken from our vast library of body shapes and sizes, this brochure features some plus-size and maternity options that will work well for fashion merchandise presentation.

Shown here finished in vintage stained calico, these examples are just a fraction of the bespoke forms we offer, each one made with care and attention in the UK. You can further customise your creation with a virtually endless choice of heads, neckcaps, base stands, fabrics and finishes, which are available according to your exact specification.

Head

Doughnut neck/antique finial

French neck/finial

Antique neck/finial

Closed in neck
