AUTHENTIC BUST FORM COLLECTIONS FOR TAILORING AND DISPLAY

Metal tripod

Cast iron tripod

Wooden tripod

Padded arms

French neck and finial

COLLECTIONS

## GLOSSARY OF TERMS:

**Workroom mechanism:** A wooden bust runner and neck-cap fix the bust form securely so that the figure can be freely rotated on the base. This enables ease of work on garments. The wooden tripod is our recommendation for this form of work.

**Full body:** The standard, classic shape workroom body. Please note for display use, this figure cannot be used to show trousers.

**Cutaway body:** A customised version of the classic workroom figure. Primarily used for display, the cutaway allows the figure to be dressed in trousers.

**Blouson form:** A male body cut, primarily used for the display of shirts and knitwear. This form can also be used in conjunction with a trouser bar, over which the trousers hang.

**Knitwear form:** A female body cut, primarily used for the display of shirts and knitwear.

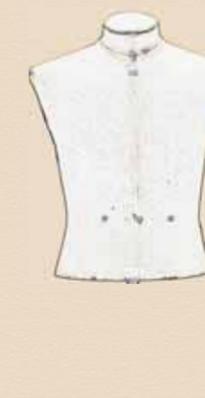

**Custom body:** Figures in these collections can be further customised to fit specific costumes. This mainly applies to the museum and exhibition industry. We are also able to sculpt / develop bodies to the specification of a client or retail brand.

# WORKROOM

AUTHENTIC BUST FORM COLLECTIONS  
FOR TAILORING AND DISPLAY

The Workroom Collection is a very special series of classic bust forms encompassing female, male and child body shapes and sizes. Originally designed for use by tailors and dressmakers, over the years this established archive has also become a mainstay of retail display teams, museums and exhibition designers.

Designed to strict workroom specifications, the bodies are handmade in London, England using the artisan manufacturing technique of papier-mache. Padded and upholstered in simple calico, these forms are supplied with a classic workroom turning mechanism, or can be specified with a range of alternative neck-caps and bases for display use.

N.B. Please note that there can be a slight variation in measurements as each figure is hand-made from natural materials.
